Finding Balance

TRAINING PACKAGES

SINGLE SESSION

Best suited for minor issues or sharpening specific commands, this one-time session provides personalized guidance to get you and your dog on the right track.

PRIVATE 3 HOUR LESSON

For those unable to book multiple sessions but have a couple concerns. We are able to use this time to go over: reactivity, sit, down, recall (come/here), and ALL other concerns!

PUPPY PACKAGE

Designed for puppies 6 months and younger. We address common puppy challenges such as biting, chewing, jumping, crate training, and potty training, while introducing engagement, basic commands, leash manners, and proper behavior expectations.

BASIC OBEDIENCE

For dogs 6 months and older, this program strengthens communication, between you and your dog through calm, consistent leadership. We focus on eliminating unwanted behaviors such as barking, jumping, chewing and leash pulling while reinforcing essential commands: sit, down, place, off, heel and recall.

10 SESSIONS

Offers the same as "Basic Obedience" package but provides 5 extra sessions.

DAY TRAIN

Perfect for owners that want professional results without overnight boarding. Throughout the day, your dog will work on obedience, leash manners, engagement, and behavior problem-solving in a variety of settings. Each session is tailored to your dog's specific needs, ensuring steady progress and lasting results.

BASIC BOARD & TRAIN

This 1 - 3 week package includes Sit, Down, Place, Off, Heel & Recall. We will work your dog multiple times a day while also providing free time to play and relax. This method helps ensure healthy and engaging training sessions.

E-COLLAR BOARD & TRAIN

This 3 week immersive program builds reliable leash skills and better control in everyday environments. Your dog will be conditioned to a high-quality E-Collar and learn house etiquette, crate manners, leash basics, "place," and threshold/door manners. Real-world outings to pet-friendly locations ensure your dog is comfortable and confident around distractions.

ADVANCED OFF-LEASH BOARD & TRAIN

Our most comprehensive program, the 4-week Advanced Board & Train develops complete off-leash reliability with distractions. In addition to all skills from the Basic program, your dog will master sit/extended sit, down/extended down, place/extended place, loose leash and off-leash walking, house manners, and threshold/door manners. Socialization and exposure to advanced competing motivators are also included.

BOARDING ONLY

Overnight Boarding is for those needing a safe and friendly place for your beloved pet while you are away. This does not include any training.
